## **Sports Massage Therapist – Immediate start**

Dear Applicant

Following the recent departure of our own therapist, we are seeking a self-employed sports massage therapist to join us and work in our fully equipped treatment room within our clinic.

Lotion, towels, laundry and reception services for appointment and payment management are provided within room rental charges which are based on sliding scale percentage of money generated basis.

Many of our Chiropractic clients will be referred for treatment, but the therapist must be proactive at promoting themselves both internally and externally in order to build up a busy client base.

Hours to suit the therapist but within the confines of clinic opening hours. A minimum of the equivalent of three full days per week including evening appointments is expected.

Therapist ideally ISRM trained but with minimum of BTEC level 4 in sports and remedial massage.

Please send CV and covering letter to Paul Weavers, Clinic Manager at the clinic address or by email to paul@country-chiropractic.co.uk to apply.

Yours Sincerely

Paul Weavers  
Clinic Manager & Director
